**FOR THE ATTENTION OF MR G BAKER**

Dear George

**Re: Millennium Dome Project**

I am writing to thank you and your staff, particularly Andy & Tim, for the efforts you made in producing the plate fabrications for the Millennium so quickly. This helped us complete our contract work within the very short programme period.

You have probably seen reports in the press that the masts, which our work formed part of, are now erected, thus allowing the project to move ahead on time.

Again, many thanks to you all.

Yours sincerely  
for HOTCHKISS DUCTWORK LTD

Rodney Fox  
Operations Director
